Dear Mr. Fadia:

Phone
800-548-0497

On behalf of NAADAC and the Approved Education Provider program, we thank you again for renewing your two year provider status. Your provider number remains **505** and expires **9/1/2016**.

Fax
800-377-1136

Renewal of your Approved Education Provider status continues to identify your program as meeting nationally approved standards of education developed for the alcoholism and drug abuse counseling field. Your program participants are assured that the contact hours or CEUs provided will be accepted toward national credentialing by the NAADAC Certification Commission and by many of the individual state licensing and certification bodies as well.

The NAADAC Approved Education Provider emblem signifies that you have voluntarily opened your educational programs to examination by an outside agency to ensure that your students are provided a consistent, reliable and quality learning experience.

Through this and similar programs at the various state level organizations, our counselors are being provided an expanding variety of educational opportunities - all of which will ultimately benefit their clients.

Please note that it is no longer necessary to send copies of brochures or announcements for every workshop presented. I would, however, appreciate having a **quarterly** training calendar of what, where and when, as we do get inquiries from our members regarding available training.

Thank you again.

Sincerely,
